Registering on the platform

This is the homepage, where you can immediately access the “Register” button to complete the registration.

The image shows the registration form on the platform. It includes the following fields and elements: "E-mail" and "Phone" input fields; a "Face photo" section with a camera icon and a note: "Please upload a face photo in PNG, JPG or JPEG format. (Maximum file size: 10MB)"; a "Password" input field; two checkboxes for accepting terms: "I have read and accept the Release of Liability form" and "I confirm that I have read and accept the European Aquatics Masters Competition Rules"; a CAPTCHA section with the text "I'm not a robot" and a reCAPTCHA logo; and a blue "Register" button at the bottom.

All the fields above are mandatory.

At the end, it is necessary to accept the Release of Liability form, as well as the competition rules.

After clicking the “Register” button, and once all fields have been completed and accepted, a success message will appear.

After that, you will access the events page. It can be accessed through the button available just below the notification or at the top of the page.

Selecting events to participate in

On the events page, we will now make our selection.

After choosing the event, it will be added to the cart by clicking the “Add to cart” button.

If you wish to add more events, repeat the process by going to the events page and selecting the remaining ones.

After confirming that everything is correct, we will click “Proceed to checkout”.

After filling in the billing details, it is necessary to choose the payment method to be used and click “Place order.”

If the payment is successful, you will see the order status as “Completed” on your dashboard.

Creating teams

By accessing the dashboard, you will have access in the menu to the options to view the teams you are part of and also create teams if you are a team leader.

To create a team, simply click “Create” and then follow the instructions.

Coaches & staff and Family & friends

Registering on the platform

This is the homepage, where you can immediately access the “Register” button to complete the registration.

The image shows the registration form on the platform. It includes the following fields and elements: "E-mail", "Phone", "Face photo" (with a note: "Please upload a face photo in PNG, JPG or JPEG format."), and "Password". Below the fields, there are two checkboxes for accepting terms and conditions: "I have read and accept the Release of Liability form" and "I confirm that I have read and accept the European Aquatics Masters Competition Rules". A note states: "Please note that registrations submitted by Masters Athletes will be reviewed and approved only after receiving confirmation from the respective National Federation. Therefore, please ensure you are correctly affiliated with your club's National Federation before registering for the events." At the bottom, there is a reCAPTCHA "I'm not a robot" checkbox and a blue "Register" button.

All the fields above are mandatory.

After clicking the “Register” button, and once all fields have been completed and accepted, a success message will appear.

Instead of adding events, you only need to go to the cart (icon at the top of the screen) and proceed with the checkout.

You should then proceed with the checkout, and you will be registered once the payment has been completed.

Note that some payment methods, such as credit card, allow only a single attempt. If the payment fails, a new order must be placed to try the payment again.
